EDUCATION

University of California, Irvine, Irvine, CA

June 2018

B.A. in Business Administration, Emphasis in Information Systems; B.S. in Computer Science, Specialization in Information

Overall GPA: 3.759; Dean's List: Fall 2014, Winter 2015, Spring 2015, Fall 2015, Winter 2016, Spring 2016, Fall 2016, Winter 2017

WORK EXPERIENCE

iD Tech Programming Academy, New York, NY

June 2016 – August 2016

Tech Instructor

- Hosted mini-hackathons and designed teaching materials at New York University to help 30+ high school students prepare for collegiate programming competitions and understand fundamental concepts in core programming languages.
- Encouraged and orchestrated classes of 8 students to develop their own smartphone applications through Android Studio.

JoyRun, Irvine, CA

February 2016 – June 2016

Brand Champion

- Implemented promotional campaigns to persuade college students at UCI to download JoyRun, a mobile application that provides a cheap food-delivery service to the UC Irvine community.
- Maintained retention of JoyRun's users and influenced marketing strategy by using my leadership and entrepreneurial skills.

IAC Applications, Yonkers, NY

June 2015 – August 2015

JavaScript Engineer Intern

- Researched, developed, and tested a Google Chrome extension for users to check the live scores of their favorite teams and sports, including displays from NBA, NFL, MLB, and NHL.
- Redesigned Google's new tab page by creating an extension that shows a scrolling stock ticker when opening a new tab.
- Proposed and built a solution that improved IAC's existing toolbars by implementing a notifications feature that guides the user to enable their bookmarks bar on Chrome.

ACTIVITIES

Management Information Student Society, Irvine, CA

September 2015 – Present

Mentor

- Advised 2 students with interests in business and technology by helping them select classes, learn computer programming, revise their resumes, and practice for professional interviews.

HackUCI, Irvine, CA

September 2014 – Present

Director of Corporate Outreach

- Raised over \$21,000 in sponsorship money from companies, including Cylance, Pariveda Solutions, and Restoration Media, via cold calls and emails for UC Irvine's annual hackathon, HackUCI.
- Led a team of 8 members, organized weekly meetings, and managed communication between HackUCI and top sponsors to bolster long-term relations and spread hacker culture throughout Orange County.
- Renovated the club's website to inform members and interested parties about our latest workshops and events.

ICS Lab Tutors, Irvine, CA

Spring 2015, Fall 2015

Python Lab Tutor

- Created review materials, offered one-to-one tutorial sessions, and assisted 20+ students in introductory programming courses by answering questions related to lab assignments and helping students debug their code in Python.

AWARDS

First Place in Butterworth Product Development Competition

May 2016

COMPUTER SKILLS

- Programming: Python, Java, C++, C, JavaScript, HTML, CSS, SQL, R
- Software: Microsoft Excel, Android Studio, Git, Linux, Visual Studio, Eclipse, MySQL, Notepad++, Unity, Photoshop
